# The Official Seal

The official seal of The University of Southwestern Louisiana was born of a desire by Southwestern's first president, Dr. Edwin L. Stephens, to commemorate, in a manner that would become part of Southwestern's treasured traditions, the accreditation of Southwestern as a four-year college.

A heraldic seal seemed fitting for this purpose and was adopted May 11, 1926, following Southwestern's establishment as a four-year college and her admittance into the Southern Association of Colleges and Secondary Schools and the American Association of Colleges.

Conceived and designed chiefly by Dr. Stephens, the seal was perfected through the cooperation of Professor Ellsworth Woodward, then director of the Newcomb College Art School, and Professor John M. McBryde of Tulane.

The shield of the seal is indicative of faith and valor. To establish the image of the dominance of Louisiana there is in the upper part of the shield a pelican "in her piety," red on a silver field. Portions of the arms of France and Spain are quartered on the shield to indicate the former control by these two countries of the area in which Southwestern is located. Symbolic of France, the first and fourth quarters have three silver fleurs-de-lis on a blue field. In the second and third quarters appear the old arms of Castille, a gold tower on a red field, symbolizing Spain.

Within a circle there is a wreath of live oaks, beloved by Dr. Stephens, draped about the shield. The circle is representative of the circular drive in front of Martin Hall. The motto of the three Latin adverbs is "Bravely, Happily, Faithfully." An outer circle bears the official name of Southwestern and the date of the act creating it.

A gracious First Lady whose charm has won her a host of friends among the students and faculty of Southwestern.

## Mrs. Joel Fletcher

# President of the University

## Dr. Joel Lafayette Fletcher

The vigorous leadership of President Joel L. Fletcher both as a member of the faculty for twenty years and then as President since January of 1941 must be recognized as a chief factor in the development of the University of Southwestern Louisiana to its present status. His major concerns after assuming the presidency were that the faculty and graduates of Southwestern always be of top quality and that there be an adequate physical plant for the growing institution on its way to becoming a University. The sudden phenomenal and continued growth of Southwestern following the war was, and is, a challenge being admirably met by our President.

## Dean of the University Joseph A. Riehl

Dean Riehl has served the University in many capacities. He has been an assistant, associate and professor of History. He served as Dean of Men, Registrar, Navy V-12 Coordinator, Dean of Administration, and Dean of the College of Liberal Arts.

Beyond the University he has also worked tirelessly for the betterment of his community, state and nation. He was a member of the Curriculum Planning Group of the Air University and is on the Lafayette Advisory Council on Aging. He is also secretary of the Lafayette Memorial Sanitarium Board.

Dean Riehl has served as a member of the Governor's Commission for the Louisiana Purchase Sesquicentennial; the Louisiana Education Television Commission; the Budget Commission of the United Givers' Fund; the Lafayette Planning Commission; the Executive Commission; Boy Scouts of America; and the Lafayette Government Study Advisory Group.

A Graduate of Cathedral High School, Dean Riehl received his B.A. in 1926 from the University of Southwestern Louisiana and his M.A. in 1933 from Georgetown University. He has done graduate work in the Georgetown Foreign Service School.

For his services and achievements in various capacities Dean Riehl has been honored with membership in such organizations as Phi Kappa Phi, Blue Key, Theta Kappa Phi and Sigma Pi Alpha.

In 1953 Dean Riehl was elevated to the rank of Knight of St. Gregory by the Papacy.

The Dean is a member of the Rotary Club and the Knights of Columbus.

# College of Liberal Arts

In the early history of Southwestern, the College of Liberal Arts made up almost the entire institution. In the period between 1922 and 1953 various departments were removed and expanded to form the other five colleges of the University. The College now includes the departments of Air Science, Art, Architecture, Biology, Chemistry, English, Foreign Social Studies, and Speech.

In recent years growth has been very rapid. The number of students majoring in the college has shown an increase from 802 in the fall of 1957 to 1,769 in the fall of 1963. There has also been an impressive increase in the number who, after graduation, go into graduate and professional schools or other forms of advanced, specialized study.

## College of Education

In 1911, the Institution established a regular school of nine grades with observation, practice, and directed teacher training. Within a few years, the curriculum became a standard two-year program.

After 1939, all teacher education programs were degree programs. In 1939, a laboratory school, later named F. M. Hamilton Laboratory School in honor of the man who served as dean of the College of Education at the time the school was established, was built on campus.

The purpose of the College of Education is to educate teachers for the elementary and secondary public schools of Louisiana and to render professional and auxiliary services to the schools of Louisiana.

## College of Agriculture

The teaching of Agriculture and Home Economics at Southwestern started with the opening of the school in 1901. The program developed to such an extent that, in 1938, the Departments of Agriculture and Home Economics were joined to form the College of Agriculture.

Today, the College of Agriculture, comprising the School of Home Economics, the Departments of Plant Industry, Animal Industry, Agricultural Engineering, Vocational Agricultural Education and General Agriculture, is staffed by highly trained faculty members, many among whom have received national recognition in teaching and research. The laboratory facilities available for teaching and research are excellent and are constantly being improved.

It is not surprising, then, that students from throughout Louisiana, the Nation, Central and South America, Europe and Asia are attracted here for their agricultural training. It is with justifiable pride that we point to our alumni, many among whom are leaders in farming, teaching and research throughout the World.

# College of Engineering

The College of Engineering was established in 1940 and included the Department of Civil, Electrical and Mechanical Engineering. George Griffin Hughes was the first Dean. In 1941, the Department of Chemical Engineering was added and in 1954 the Departments of Geological Engineering and Geology were added.

The College moved to its new contemporary building, Madison Hall, in 1957.

The Department of General Engineering was created in 1959 for all beginning students in Engineering. Upon completion of their General Engineering program, they are then eligible for entrance into the senior degree-granting departments.

At present, the College offers Bachelor's and Master's degrees in Chemical Engineering, Civil Engineering, Electrical Engineering, Petroleum Engineering and Geology.

# College of Nursing

Baccalaureate nursing education is essentially a marriage of college studies that heighten one's general knowledge of the arts, social sciences and humanities while the student is getting ready to work effectively as a professional nurse in modern society. The many changes that have taken place in health care have brought about new and challenging responsibilities to nurses. The biological and physical sciences, mental health and child care broaden knowledge for the nursing major. Professional nursing is approached from the study of health promotion for the individual, his family and his community. Opportunity to apply this knowledge is provided through nursing practice in hospitals and health agencies under faculty guidance.

The College of Nursing was organized in 1952 and is accredited by the Louisiana State Board of Nurse Examiners, and nationally by the National League for Nursing Board of Review for the Baccalaureate and Higher Degree Programs.

# College of Commerce

From its beginning, a major purpose of the College of Commerce has been to prepare young men and women for entrance into and leadership in the business community. Through the years, the Department enrolled a sizable proportion of the students and constituted a major division of the institution.

The College of Commerce consists of the following seven departments: Accounting, Business Communication, Economics and Finance, General Business, Management, Marketing, and Secretarial Science.

# The University Libraries

The University Libraries consist of the Dupre Library, the Stephens Collection, the Engineering Library and the Horticulture Library.

The Dupre Library, the main library, contains about 170,000 volumes. In addition to books and periodicals the Dupre Library has more than 1600 recordings of music, poetry and drama; over 2,600 reels of research material on microfilm and about 1400 volumes of rare books on microcards. Special rooms for listening to recordings, micro-material reading and typing are provided in the Dupre Library. There are also two seminar rooms available for scheduled use by classes.

The Stephens Library is located on the second floor of the Stephens Building and contains about 15,000 volumes which are primarily aimed at providing a general reading collection to serve the needs of the undergraduate students.

The Engineering Library, located in Madison Hall, contains about 18,000 volumes, while the Horticulture Library, in the Ornamental Horticulture Building, has about 5,000 volumes. In addition to these libraries there is also a collection of books in the French House, largely donated by the French Government, on subjects relating to France and French literature.

DIRECTOR OF RESEARCH

## Department of Research

The objectives of this office are to promote research on a campus-wide basis and to cooperate with governmental offices and private industry desiring to have research work done. Fortunately, Southwestern has a staff of individuals who are capable of doing basic research work and who are able to bring prior developments to a more practical use.

# American Society of Civil Engineers

In 1952 the Civil Engineering students of USL formed the Southwestern Society of Civil Engineers. A formal application was made to the American Society of Civil Engineers for a charter in 1957. On September 25, 1957, the American Society of Civil Engineers presented a charter to the USL Student Chapter of the American Society of Civil Engineers.

The frequent meetings of the student chapter provide opportunity for preparing, presenting and discussing papers,

comparing impressions of engineering problems, and forming judgments as to the practical aspects of projects thus described. Professional engineers and businessmen are also invited to speak on technical and professional subjects. The student chapter also engages in field trips to points of engineering interest, and participates in student chapter conferences and conventions of the ASCE. Social activities such as banquets, picnics and dances are also a part of the chapter's activities.

## Industrial Arts Club

The Industrial Arts Club is an organization composed of students majoring in industrial arts and members of the Industrial Arts Department faculty. The organization was founded for the purpose of increasing professionalism, establishing contacts with industry, and the promotion and development of industrial arts at all levels by its members. While essentially a professional organization, it enthusiastically participates in many other activities and events during the school year.

During homecoming, the fraternity club's members worked

diligently on decorations and won first place for On-Campus decoration. The Industrial Arts Club also held a homecoming barbecue for its members, their guests, and the industrial arts alumni. Both in the fall and spring semester the club has field trips to various major industries.

During the spring, the club continues to hold meetings and lectures for the promotion of industrial arts. Usually the year is brought to a close with a picnic or barbecue for its members, their guests, and alumni.

# Institute of Electrical and Electronic Engineers

The Institute of Electrical and Electronic Engineers was formed in January of 1963 when two organizations merged to form the world's largest professional, scientific, or engineering society. These two organizations were the Institute of Radio Engineers and the American Institute of Electrical Engineers and were established at USL in 1958 and 1957 respectively.

Activities of the student branch are to assist Electrical Engineering students and bring them information via technical speakers, films, and other means. Student paper competition is held among the branch and members are also urged to compete in a 12 state regional competition. The branch is also active in Engineering Day.

# Alpha Phi Omega

## Honorary Service Organization

The Beta Phi Chapter of Alpha Phi Omega was founded on the USL campus in 1939. Its purpose is "to assemble college men in the fellowship of the Scout Oath and Law, to develop leadership, to promote friendship, to provide service to humanity and to further the freedom that is our

national, educational and intellectual heritage."

Some of Alpha Phi Omega's projects of this, our 25th anniversary year, were working with the polio vaccine drive, registration, Homecoming information center, and various scouting activities in the area.

## Alpha Psi Omega

### National Honorary Dramatics Fraternity

Founded on August 12, 1925 at Fairmont State College, Fairmont, West Virginia, as a national honor society for the university and college theatre, Alpha Psi Omega has kept pace with the development of the educational theatre.

There are now over 370 chapters in the United States and Canada. This continuous national growth has made it the largest national honor society, seconded by Pi Kappa Delta (debate). The national "active" membership of 1963-64 is over 42,000.

The purpose of Alpha Psi Omega is to give students adequate recognition for their work in theatre in the same way that students in other departments are honored. Dr. Paul F. Opp, Alpha Psi Omega's founder, is recognized for his work in founding "The Playbill", our national publication, and "Dramatics Magazine." The Southwestern Chapter, Theta Tau Cast, was

originally the Dramatics Club. Miss Edith Garland Dupre helped to establish Speech work at Southwestern. In 1941, Mrs. Mary Reed took over the Dramatics program and the Club was now "Southwestern Players." In 1942, the national charter of Alpha Psi Omega was presented, and there were eleven charter members.

Today Southwestern Players is a term applied to all who work with Dramatics at Southwestern, while Alpha Psi Omega is exclusively the honor roll of those who have made outstanding contributions.

Mr. William Ellis, director of the university theatre, is the local cast faculty advisor. Theta Tau's cast of active membership now includes twenty, who participate in the university's five major productions each year and this year worked with the 1964 National March of Dimes Charity shows in Southwest Louisiana.

# Alpha Zeta

## Honorary Agricultural Organization

The U.S.L. Alpha Zeta Club was organized by students of the College of Agriculture during the Spring Semester of 1963. Formation of the club followed a series of conferences between student leaders and Alpha Zeta alumni of the faculty, correspondence with members of The High Council of Alpha Zeta and a visit to the University by Mr. Ronald E. Paige, Field Secretary of Alpha Zeta.

The main objective of this new group is to work toward the establishment of a chapter of the Fraternity of Alpha Zeta at the University and transfer to it the leadership in agriculture which has for many years been promoted by Determer and Sigma Alpha Gamma Fraternities.

Of the original group, thirty three are now in residence at the University. During the Spring Semester of the current session a number of scholastically eligible students will be elected to membership.

Alpha Zeta Club activities in the 1963 Fall Semester were centered around the development of a petition for a chapter of The Fraternity of Alpha Zeta. The club has taken active leadership in student affairs in the College of Agriculture, in the development of the annual Aggie Day program, in assisting the faculty in hosting visitors to the campus and in assisting with judging contests, livestock shows, agricultural meetings and other related activities.

## Arnold Air Society

The Claire Chennault Squadron was formally chartered on May 1, 1950. It thus became the first new squadron to be accepted by the original sixty squadrons of the Arnold Air Society. There were twenty-seven charter members of the young squadron. The membership reached almost fifty within a few short months. The squadron was able to send five delegates to the Second AAS National Conclave in St. Louis, Missouri.

Known formerly as the Air Honor Society of SLI, the group of cadets had been recognized as the "action group" of Air ROTC. They traditionally sponsored the Military Ball and Sponsor's Tea; the squadron con-

tinues to do so today.

The Squadron selected its name from the famed commander of the WW II "Flying Tigers", General Claire Chennault. General Chennault was pleased to consent to the use of his name by the Squadron. After frequent correspondence for two years he was finally able to visit Southwestern and be the honored guest at the 1952 installation of officers.

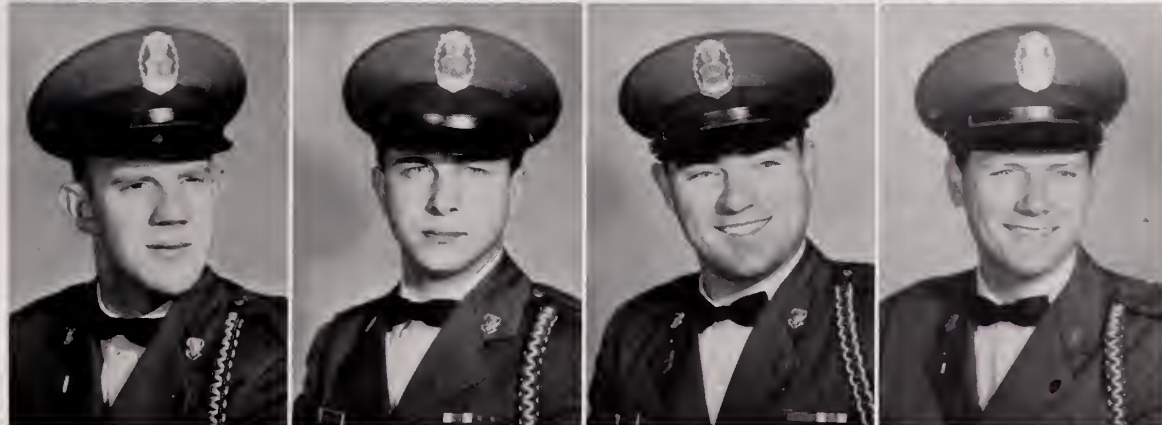

Today the squadron is still the center of action in the cadet group. The officers and members are endeavoring for greater squadron membership and more active participation in the corps, the area, and the nation.

# Blue Key

## National Honor Fraternity

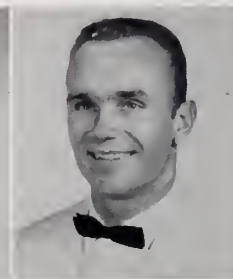

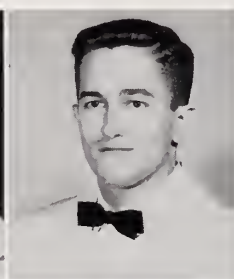

Blue Key National Honor Fraternity had its beginning at the University of Florida in 1924 when Major B. C. Riley selected twenty-five outstanding student leaders for assistance with a homecoming program. The program was very successful and the students who had assisted Major Riley asked that he meet with them regularly to discuss other ways of improving student life, and there was a noticeable increase of interest on the campus in all worthwhile student activities. An honor society with a service slogan immediately appealed to men in other colleges and in 1925, began the phenomenal growth of Blue Key. The fraternity now numbers over one hundred chapters with 43,000 members.

The local history of the University of Southwestern Louisiana Blue Key Chapter dates from April, 1932, when the Chapter was organized. The Organization was the result of the efforts of the student body president, Mr. Herbert A. Hamilton. Since its beginning the Blue Key Chapter of the University of Southwestern Louisiana has had many accomplishments. Notable among these was the establishment of Blue Key Chapters at Lamar Tech in Beaumont and Northwestern in Natchitoches. It was also instrumental in the organization of a State Association of Blue Key Chapters. Our faculty advisor, Dean J. B. Guillory, has been recently appointed by the National Blue Key Office as Regional Advisor to Region IV.

# Circle K

## International Service and Honorary Fraternity

The U.S.L. Circle K Club was founded in March of 1957. Circle K is the college level men's service organization performing the same functions on the college campus as our sponsor, the Lafayette Kiwanis Club, performs in the community. Circle K is not a social fraternity, it is in every sense of the word a service organization whose members are banded together voluntarily to render service to the campus and the community.

Annual projects include aiding in the United Fund Drive, working with registration, providing a Santa Claus to distribute candy to the children in Vet Village, an Easter Egg hunt for the children in Vet Village, aiding in the Southwestern Relays, ushering at basketball games, distribution of yearbooks, helping in the Lafayette Safety Drive, student vs. faculty basketball game (to provide for the Circle K scholarship fund) and presentation of Kangaroo Kourt.

## Eta Kappa Nu

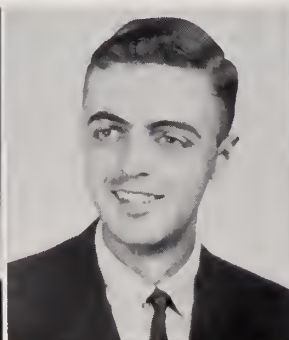

### Honorary Electrical Engineering Organization

ETA KAPPA NU came to the University of Southwestern in the year of 1962. It is an honorary organization for electrical engineering students. A small group of electrical engineering students in the graduating class of 1963 were the first to organize HKN. Its members are composed of juniors in the top 1/4 of

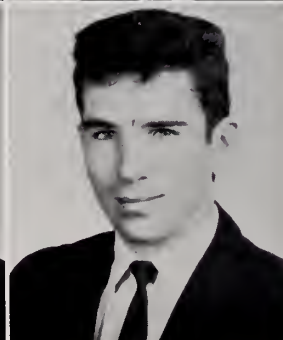

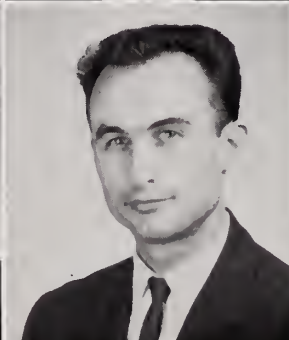

their electrical engineering class and seniors in the top 1/3.

The main purpose of HKN is to assist its members in becoming better men in their chosen profession. HKN also assists in projects throughout the year such as Engineering Day Activities, writing articles for several papers, and other such activities.

The purpose of Kappa Delta Pi shall be to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education. To this end it shall invite to membership such persons as exhibit commendable personal qualities, worthy educational ideals, and sound scholarship. It shall endeavor to maintain a high degree of professional growth by honoring achievement in educational work.

Kappa Delta Pi was founded March 8, 1911, at the University of Illinois. It was incorporated June 8, 1911.

Delta Iota Chapter was installed by T. C. McCrachen on May 8, 1936. Dr. Hollis Long was its first counselor. Immediate past counselor is Mr. G. A. Zernott.

Delta Iota has had nearly a thousand members since its organization.

This year KDP sent delegates to the biennial convention at Purdue University in Lafayette, Indiana. KDP was co-sponsor with SLTA of the banquet held during National Education Week.

Meetings are highlighted with guest speakers along with sponsored debates followed by question and answer periods from the group.

Delta Iota helps with registration. It has also installed other chapters within the state.

## Lambda Omega

### Honorary Society for Women

Lambda Omega was originally known as The Red and White Circle. Red and White Circle was founded by the Vermillion Honor Society in 1935 and was known as a little sister organization. It acted in that capacity until the fall semester of 1939. At that time Red and White Circle adopted its own constitution and became a separate organization. In the spring of 1940 the Greek name of Lambda Omega was chosen.

All Freshman women who make a "B"

average during their first semester become pledges and all who maintain an average of "B" for the first year are initiated into Lambda Omega during the first semester of their sophomore year.

The University of Southwestern Louisiana chapter of the Honor Society of Phi Kappa Phi was installed April 10, 1951. The society, which was founded at the University of Maine in 1897, stands for a unity and democracy of learning.

There is no honor society whose standards are higher than those of Phi Kappa Phi. It differs from other honor societies chiefly in the fact that students in any department of study in the institution, where a chapter exists, may be elected, if he is eligible. Membership is open also to members of other honor societies and fraternities.

Phi Kappa Phi pleads for a larger charity and deeper love toward all education in all phases. Its motto is: THE LOVE OF LEARNING RULES THE WORLD.

The need for a music fraternity for men on the Southwestern campus had been felt for some time when a movement began early in 1946 to organize such a group. The first meeting took place in June of that year. It was not before October that a constitution was adopted and officers elected.

The objectives of the fraternity were: to advance the cause of music at Southwestern Louisiana Institute, to foster mutual welfare and brotherhood of music students, to develop fraternal spirit among its members, to encourage loyalty to the Alma Mater and to give recognition to outstanding worth in musical activity.

The fraternity's first name was Alpha Mu Phi. It was chartered by Southwestern on February 20, 1947. Under national affiliation with Phi Mu Alpha the name of the chapter later became Delta Epsilon Chapter of Phi Mu Alpha Sinfonia Fraternity of America.

The fraternity, since the date of its inception, has played an active part in musical activities both on the campus and in the city of Lafayette. It has been called upon to be the official organ of welcome for important musical personages, for presentations of music at special music department recitals such as the American Music Program, and is now serving the Community Concerts Association as ushers for all of the concerts.

## Pi Delta Phi

### National French Honor Society

The first chapter of Pi Delta Phi was organized in 1906, at the University of California, Berkeley Division, and the founding of other chapters began in 1925, when Pi Delta Phi was declared a national society. At present, there are chapters throughout the United States.

The purpose of Pi Delta Phi is to recog-

nize those American students who are proficient in the language, literature, and civilization of France and to create an interest in and to promote a knowledge of French culture in the United States.

To be eligible for Pi Delta Phi, the student must have a 2.7 overall average and a 3.0 average in French.

## The Honor Society of the College of Commerce

The Honor Society of the College of Commerce was organized in the beginning of 1960 by Dr. A. Clayton Ellis, Head of the Department of General Business, for the purposes of encouraging and rewarding scholarship among commerce students, of promoting the advancement of education in the art and science of business, and of fostering integrity in the conduct of business operations.

Members are selected from the students who are in the upper 20% of the junior and senior classes of the College of Commerce, who are full-time students with a

minimum 2.8 overall average, and who have completed one semester in the college. Qualified students are elected to membership by a majority vote of the active members.

Major activities of the Honor Society of the College of Commerce are its presentation of an award at the annual spring banquet of the college to the junior in the College of Commerce with the highest overall average and its presentation of incoming members, as well as recognition of continuing members, at the annual fall banquet of the Honor Society.

The Pi Lambda Beta Pre-Law Fraternity of the University of Southwestern Louisiana was organized shortly after a Pre-Law Curriculum was initiated at the Institute, later to become a University. The Fraternity was officially chartered in 1941 and at that time the Greek Letters were adopted. Pi Lambda Beta is the only pre-law fraternity of any kind in the state of Louisiana.

The specific purpose of the organization is to promote a closer relationship and understanding of the Pre-Law students

at the University of Southwestern, and to perpetuate the work, cooperation and fellowship necessary in preparation for the legal profession. Pi Lambda Beta is helped in carrying out this purpose by an outstanding lawyer of the area who acts as the pre-law fraternity's legal advisor. Pi Lambda Beta has been, is and will continue to be the guiding light of all students of the University of Southwestern Louisiana who are interested in becoming lawyers that our forefathers would have admired and respected.

# Sigma Alpha Eta

## Speech and Hearing Correction Fraternity

Sigma Alpha Eta had its very beginning at the Pennsylvania State College in March, 1947, under the advisorship of Dr. Eugene T. McDonald, director of the Speech and Hearing Clinic. It functioned for two years as a local club with Charles Diehl serving as the first president. During the 1947-48 term the Beta Club was installed at the State Teachers College, Lock Haven, Pennsylvania.

In September, 1949, the advisorship of the Alpha Chapter was delegated to Dr. C. Cordella Brong, a member of the clinic speech department at Penn State and the organization was led by Wilma Grave. During the year, numerous inquiries were made from various schools in Pennsyl-

vania in regard to the establishment of chapters. The Penn State Clinic Staff studied the situation thoroughly and finally decided that an organization of this sort might be a valuable asset on many campuses. Almost immediately letters were sent out to Speech and Hearing departments throughout the country to survey the possibilities of a national society. The response was gratifying, and the organizational meeting in New York City as a feature of the Eastern Public Speaking Conference, was arranged.

The Rho Chapter of Sigma Alpha Eta at the University of Southwestern Louisiana was founded in January of 1950.

## Sigma Pi Sigma

### Physics Honor Fraternity

Sigma Pi Sigma was founded as a local honor organization at Davidson College, Davidson, North Carolina on December 11, 1921. The society today is truly national in scope, with more than 108 active chapters distributed among the leading colleges and universities of the nation. Sigma Pi Sigma was founded by a group who sensed the need for an

organization which would bring those particularly interested in this science into closer association for their mutual benefit. Today, Sigma Pi Sigma is the only Physics honor society.

The local chapter of Sigma Pi Sigma was chartered at the University of Southwestern Louisiana on May 9, 1960.

# Sigma Tau Delta

## National Honorary Professional Fraternity

ANN S. JENNINGS  
President

Sigma Tau Delta is an outgrowth of the English club at the Dakota Wesleyan University, Mitchell, South Dakota. Plans worked out for the local group there met the approval of heads of the departments of English in other institutions, and resulted in the nationalization of the order, under its present name in 1924. The Lambda

Zeta chapter at USL was granted a charter in 1955. The aim of the society is to promote a mastery of written expression, to encourage worthwhile reading, and to foster a spirit of good fellowship among students of the English language and literature.

## Tau Beta Pi

### Honorary Engineering Fraternity

In the fall of 1950 four seniors, one from each department of engineering began the work of organizing an engineering honor society. Under the leadership of these seniors, a faculty member, and the Dean of Engineering, the organization of the Delta Sigma Engineering Honor Society was completed and approved by the Student Council in May, 1951.

Since Tau Beta Pi requirements include accreditation by the Engineers' Council for the Professional Development and, that, at least two of the faculty be members of Tau Beta Pi nothing much could be done to become a chapter until 1956 when Southwestern was accredited in engineering.

Up until this time Delta Sigma maintained its high standards of scholarship for admission and had the interest and support of Tau Beta Pi's on the faculty in its efforts to establish a chapter of Tau Beta Pi.

In the four years since its origin Louisiana Delta has been very active in projects in the College of Engineering. Also, every year Louisiana Delta is well represented at the National Convention of the Tau Beta Pi Association.

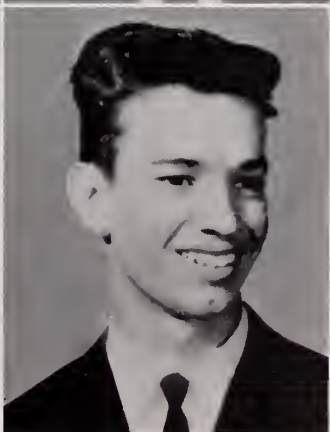

Because of its high scholastic requirements and also because its members are selected from all departments of engineering, Tau Beta Pi has become the leading honorary society in the College of Engineering.

# Vermilion Honor Society

Vermilion Honor Society was started in 1933 as the Freshman Honor Council. In 1934, it was changed to the Red and White Circle, and in 1935 it became the Vermilion Honor Society. The advisors were Miss Agnes Edwards and Miss Minnie Kelley.

Qualifications for membership are as follows: Candidates must have earned a minimum of seventy-five se-

mester hours; they must have maintained a 3.2 average in the preceding courses of their college work; they must be active in a religious organization and at least one additional college organization other than a sorority; and they must have been enrolled at the University of Southwestern Louisiana for at least one semester.

Since taking charge of USL athletic fortunes March 1, 1960, Whitey has developed them into a strong, expanding program. His increasing emphasis on a well-balanced program enabled Southwestern to finish in a first place tie for the 1961-62 Gulf States Conference All-Sports Award. He added three varsity sports to the intercollegiate program: bowling, weightlifting, and gymnastics. This expansion has paid rich dividends as both the bowling and weightlifting teams in 1963 won NAIA national championships.

# U.S.L. 16 — Hardin-Simmons 6

The hard-knocking Battling Bulldogs gave the powerful Hardin-Simmons Cowboys a lesson to remember as underdog USL handed the big cowpokes their first defeat of the season in a 16-6 thriller. This was the first meeting between the two teams. The 'dogs grabbed a quick touchdown with Lindsey Landry scoring on a run around end for ten yards. Then, after a Cowboys' T.D., Gerald Landry booted a 36 yard field goal to make the score 10-6 at halftime. In the second half Bill Bayard touched paydirt after a long drive of 65 yards. The extra point was missed and the score stood 16-6. Southwestern deserves a great deal of credit in upsetting this major-college powerhouse.

Halfback Lonny Price muscled for more yardage as two men move in for the tackle.

Strong winds in Tampa almost proved costly to the Bulldogs, but they hung on to a slim lead to defeat the Spartans 19-17. The 'Dogs led all the way until the final minutes of play when Tampa came up with a powerful air attack and scored 14 points in the last quarter. Jim McNutt came up with a tremendous effort by intercepting a pass and set up USL's last touchdown. The attendance was approximately 5,300.

Lonny Price again proved his worth by scoring all three touchdowns and coming through with several big plays.

The USL Rajun' Cajuns got caught with their backs turned and were handed a stifling defeat by Louisiana Tech in Ruston 45-0. Tech was merciless in piling on points, as they could do no wrong, and Southwestern could do nothing right. During Tech's homecoming, Coach Aillet's charges put on quite a show to the capacity crowd. USL fumbled the ball four times within their own 25-yardline and Tech took advantage of the mistakes by scoring each time.

Coach Faulkinberry shows much dismay at the game's progress.

Two quick, little field generals, Lindsey Landry and Bill Bayard, directed U.S.L. over a mass of Wildcats in a 7-6 homecoming victory. Both piloted the Bulldogs down the field with exciting runs. Lindsey Landry tallied the six points and Gerald Landry adding the deciding point. After that touchdown USL seemed to be in complete command of the game, maintaining a 7-0 lead in the fourth quarter with 14 seconds remaining, when the Wildcats scored a T.D. The Pineville eleven gambled on a two-point conversion and missed.

Mississippi Southern came and conquered the USL Bulldogs by handing them a 28-0 loss. The tough Southern's racked up 21 points in the first half, but the Rajun' Cajuns came up with an excellent second half effort to hold the Mississippians to one touchdown. The game marked the fourth straight contest that Southern has not allowed an opponent to cross its goal line. Northeast capitalized on one mistake by USL and turned it into a game winning touchdown. The 'Dogs grabbed a 6-0 lead in the half and repeatedly stopped Northeast threats throughout the game until late in the third quarter. A fumble by USL on their own 42. The Indians drove to the Bulldogs one yard line and finally pushed it over. Their extra point was good and it gave them a victory. McNeese and USL tangled in one of the finest grid battles ever seen by the Lafayette fans. The caliber of football played was tremendous and every minute was filled with excitement. In the first half both clubs exhibited strong offensive attacks, but neither could penetrate each other's goal. McNeese, unable to puncture USL's defense, scored first on a long pass. Led by Lonny Price's timely runs, the Bulldogs bounced right back, when Price dove over for one yard. Tied 7-7 with just seconds remaining, McNeese scored on a 45-yard pass play helped by a fabulous catch.

## Bewildered Students

September 10, 1963

Dear Al,

Well, I finally made it! I'm a big college man now. Finally got settled at McCullough; it doesn't look so bad after all. Met my roommate right **AFTER** I got moved in. He'll turn out okay if I work on him a little.

Took a stroll around the big campus this afternoon. I thought I'd never find my way back to the dorm. Wanted to see Cypress Lake, but all I could find was a little pond with trees and weeds near the Student Union Building. Maybe I can find the lake, when I have more time later.

At orientation today I was in group four. We took every kind of test imaginable. They even checked my hearing. Next I expected them to check my athlete's foot, and sure enough they did.

*(continued on page 299)*

Wanting the best possible schedule, an experienced student will try again and again to get into a closed section.

## Begin a Baffling Semester With . . .

The first and the last. Long registration lines enter Martin Hall, the first University building. These are probably the last students to use the building, since it is scheduled for demolition within the next few months.

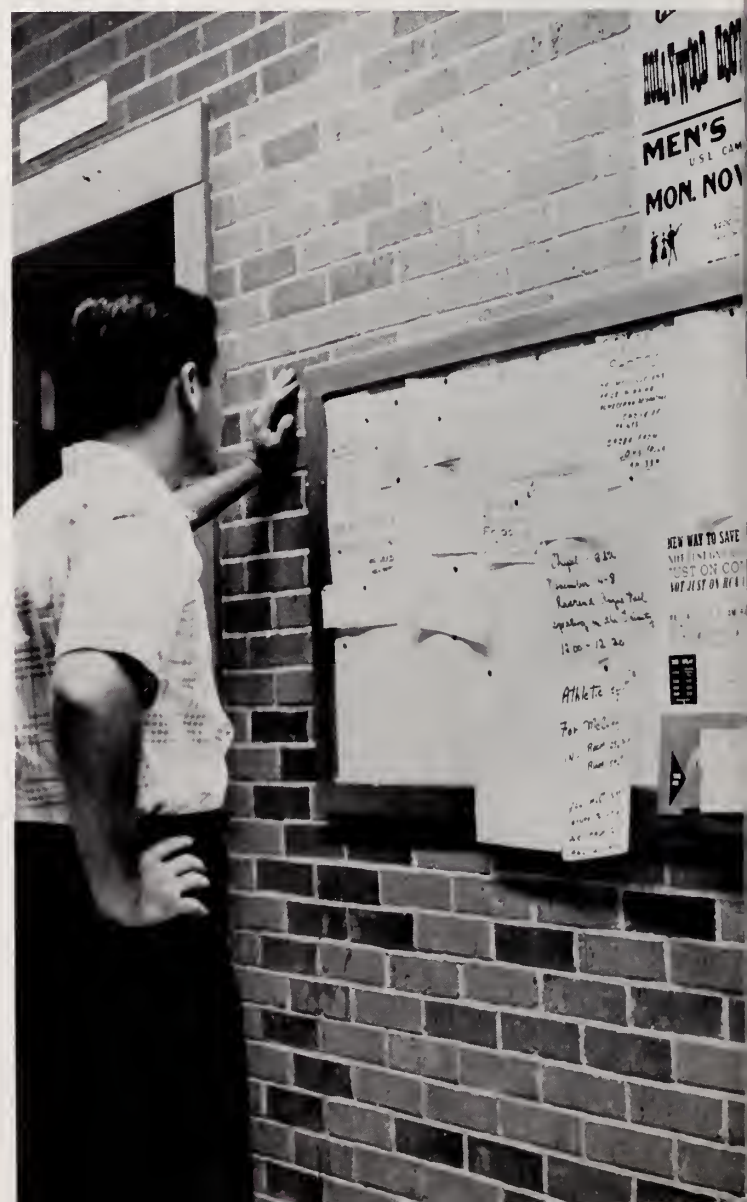

# New Places, New Faces,

A sigh of relief when a letter finally comes.

"There must be someone looking for riders to New Orleans at three o'clock Friday."

# A New Life

(continued from page 296)

There's a big welcome dance tonight in the Student Center and a reception for all new students tomorrow in the Rose Garden, wherever that is. I hear that there are three boys to every girl on campus. The odds are against me, but it's worth a try. Wish me luck.

Registration starts tomorrow, and it is really going to be a challenge. After waiting in line for about an hour, I should be able to get into the first building to have my picture taken. Then all I have to do is see three counselors who must approve my schedule and make sure that I have a Saturday class. An upperclassman down the hall has been telling me all about his registration experiences. Now he is working on this system where . . .

Al, you just have to come down for a weekend; I'll get you a date, and we'll hit some spots around town. How about it?

Hope to hear from you soon. Let me know how things are at Tech.

Buddies,

*Mike*

Battling over books for long hours is the biggest part of the new life. As a college student, we must now make our lives revolve around studying.

## Freshmen Master

A jury of campus personalities readily makes decisions on all cases tried in Kangaroo Kourt. Needless to say, the verdict is always "guilty."

# Homecoming Fills Weekend's Activities . . .

October 27, 1963

Dear Al,

This was the big weekend on campus—sorry you couldn't make it. The date I had lined up for you was really cool.

Everything started Friday evening with a parade, bonfire, and fais-do-do. A Cajun band played while everyone danced in the street. Afterwards we went to the Lybrary.

An over capacity crowd saw the USL-La. College game Saturday night. The situation was tight for a while, but the Bulldogs marched on to win seven to six. How about that?

My grades have really suffered while working on decorations and things. The Chemistry book will get a good workout this week.

Drop me a line soon.

Buddies,

*Mike*

"... fight on to victory, U S L." A traditional climax to the Homecoming Parade is always a successful bonfire near the men's dormitories.

The best place at the best time. Pep rallies in the Student Center draw a capacity crowd at noon.

The Big Four flash winning smiles. T I C's Eddie Provost and Ernie Alexander, President and Vice-President; independents Sally Evans and Malcolm Robinson, Secretary and Treasurer.

The Winnah! Eddie Provost of T I C takes top spot and winner's ride.

High flying banners are as much of the campaign as hand shaking and back slapping.

One more quick review before the exam.

# . . . Make

November 10, 1963

Dear Al,

Met a cute girl from Baton Rouge last week and have been trying to get a date with her ever since. Every time I see her, she is with at least three boys; she probably doesn't even know I exist.

The girls around here upset me—most of all because there aren't many girls. With the boys eating in one cafeteria and the girls in another, there is very little socializing except in the Stu.

My roommate had a blind date last night and was totally disappointed. Guess I won't try any blind dates.

Lafayette is such a big city the students can almost find a place to go on Saturday night. There is the show, the local joint, or the other show. Without a car for transportation, I don't get too far from campus.

Things can't get too much worse. How is the dating situation at Tech?

I'm still waiting for you to make that week-end visit.

Buddies,

Mike

Whether it is a Coke in that familiar place across the street, participating in an impromptu hootenanny on the lawn, or a morning paper in the Stu, that five minute break is a welcomed relief that is never overlooked.

Ever try to call the dorms between six and eleven P.M.? Here's the reason you can't get a line. Whether it is solving the problems of the world or just a plain old conversation, the phone is a most useful tool in dating.

## Host Dances, Parties . . .

November 17, 1963

Dear Al,

Guess what! I finally got a date with that girl from Baton Rouge. What a dream! She's a sorority pledge, and I saw her at her sorority's dance. I've never enjoyed a dance so much. She accepted a date with me for the next night, and I've been seeing her often ever since.

The weekly dances and parties certainly keep a guy busy on weeknights. Between them and the books I hardly ever get enough sleep. What a hectic life! But, you know—I'm beginning to like it! All I have to do now is to find more time for studying.

I'm spending the Thanksgiving holidays with my roommate at his home. We're driving up after the last class Wednesday. Maybe those snow covered slopes will be the change I need.

Will drop you a post card,

# The Christmas Spirit Takes Hold on Campus

December 20, 1963

Dear Al,

The academic situation over here isn't looking too good. With finals only two weeks after the holidays, I'm really worried. All the talk about going home for Christmas doesn't help matters much. For the first time I really feel homesick.

We trimmed the tree in the dorm last night. That tree is so well shaped, you would think it came straight from someone's garden. I just can't understand it.

The college world is so much different from everything I thought it would be, but I'm not at all disappointed. Where else could you have shaving cream fights and riots at two o'clock in the morning? After an impromptu bonfire the other night the boys decided to march to the girls' dorms. Within fifteen minutes the Campus Security, Lafayette police, and the state police were on hand to view the activities. The girls welcomed the crowd, but the deans didn't think along the same lines. Finally the crowd was dispersed. This was the most exciting night so far.

See you during the holidays,

*Mike*

First a piece of holly and then a poinsettia. Can we make it look like home?

Waiting for Santa? Not likely. It must be that date who is already ten minutes late.

Ready to make the move. Going home to some girls means getting four suitcases filled with everything imaginable. Christmas is the excuse used, when cramming the trunk with two extra boxes.

I'm sorry, but there's nothing left.

## The University

March 22, 1964

Dear Al,

Just got back from Hoppers and thought I'd drop you a note.

The campus surely is beautiful on a clear night like tonight. I'd hardly noticed it before. The lake is all shadowy and sort of spooky but lovely with the lights from the Stu reflecting on it. Everything is quiet and lifeless with only a few figures to be seen in the shadows of the arcades and trees. It's a perfect place to be with a special date. Wish I had had one tonight.

Things are going so well for me that I can hardly believe it. Even my chemistry teacher gave me a passing grade. Maybe I'll pass the course this time.

and drink machines out of the dormitories, thereby forcing the girls to the "house of gastronomic horrors". But the house-mothers complained. They refused to go along with the idea because it would also force them to eat there. While they had no objection to forcing the co-eds to eat at the ptomaine palace, they themselves certainly didn't want to.

Finally, a plan was conceived by which all girls would be assembled outside their dorms in formation and then marched to the mess hall, uh, I mean dining hall. They would be seated at the tables, which would already be set with four places. Then, at a given signal, the girls would begin to eat.

Housemothers would be used as whips, and would patrol the mess hall, making sure that all girls were eating. "I want to see you eat," they would say. "I want to see you eat."

At the 1963 International Convention, Kaylin Kerby, Delta Beta Chapter President, was chosen AOPi Girl of the Year.

The chapter attends District Day in New Orleans at which five Louisiana chapters are represented. They sponsor several socials throughout the year to bring parents of the actives and pledges together. This year AOPi won second place in the USL School Spirit Contest. The annual fund-raising project is the Pow-Wow. The money is used for the Frontier Nursing Society.

Other activities include the Founders' Day Banquet, the Awards Banquet, a Christmas party, and a spring formal.

# Beta Zeta Chapter of Alpha Sigma Alpha

Alpha Sigs engage in a variety of philanthropic projects, especially concerning mentally retarded children. The Hula Hop is an annual occurrence for the Alpha Sigs at USL. Each year they give this dance to raise money for this project. In 1963 the Alpha Sigs prepared Christmas baskets for needy families.

Every Alpha Sigma Alpha chapter is very interested in fostering school spirit on its respective campus. At Homecoming 1963, Beta Zeta Chapter was awarded the First Place School Spirit Trophy.

# Delta Kappa Chapter of Delta Zeta

Social and scholastic activities work together in DZ to form a wholesome and well-rounded college woman. This chapter annually sponsors a Flapper Dance to raise funds for the national philanthropic projects which include Galludet College and the American Hearing Society.

Halloween pumpkins were sent to each campus sorority and fraternity this year to promote good Greek relations. Christmas service projects include dressing dolls for the "Toys for Tots Campaign" and caroling at city hospitals.

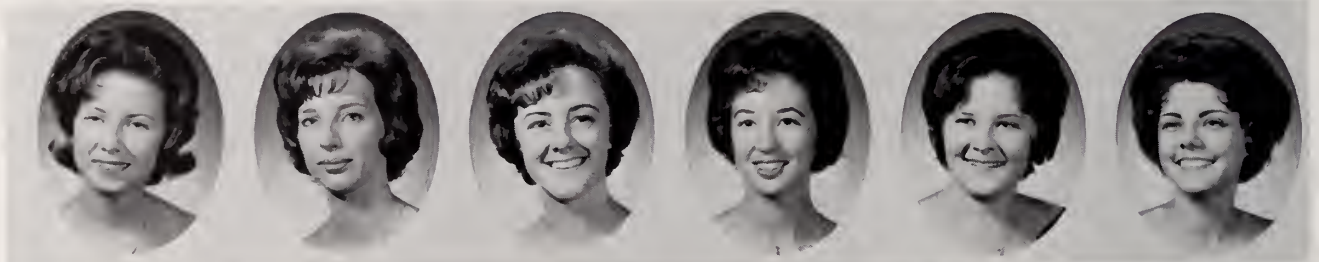

A faculty dessert party and the Rose Ball are sponsored in the spring. Other activities include the Founders' Day Banquet, lamp-lighting week, and Province Convention.

This fall DZ received the Agnes Edwards Award for maintaining the highest scholastic average among the sororities in 1962-63.

Civic activities of this chapter this year include delivery for the Beavers' Club Christmas auction, cleaning the orphans' home, cleaning the Church of the Ascension, and washing city police cars.

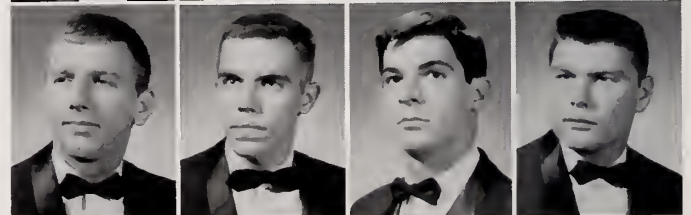

For the past 3 years, KA has placed for the homecoming decorations trophy.

The annual affair of KA is its "Ole South Ball" held in the spring. The ball commemorates the southern way of life. The men wear Confederate uniforms and the ladies wear ante-bellum dresses. The affair has two segments — the lawn party in the afternoon, and the ball that evening.

This year's activities, starting with a very successful rush, have included civic projects. The chapter collected funds for the Salvation Army, and led two Cub Scout Dens from St. Mary's Orphanage.

Social life was highlighted by the annual Sweetheart's Dance, and the Founder's Day barbecue and dance.

The traditional Senior Banquet closes the Kappa Sigma year.

LAMBDA CHI ALPHA CRESCENT GIRL  
Elizabeth "Bitsy" Arceneaux

This year the chapter received a trophy from its National headquarters for being first on campus scholastically.

Lambda Chi Alpha tied for 2nd place in the I.F.C. football championship.

The fraternity annually sponsors a Charity Bowl football game to raise money for the United Givers Fund. Members take orphans to a party preceding the game and then to the game.

This chapter of PKT received the National Community Service Award at its National Convention this summer. The fraternity renders such services as assisting at the Newman Center and Chapel, selling Easter seals, and singing Christmas carols at the Tuberculosis Center.

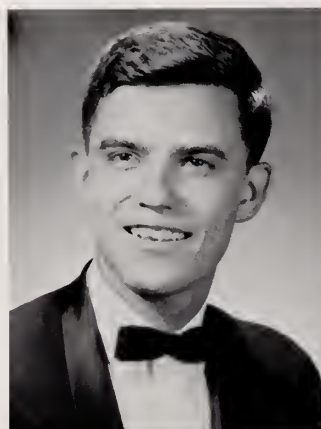

The chapter donated, "Gee," USL's Mascot, to the university, and he is presently being kept at the fraternity house. This year PKT won the I.F.C. Football Championship.

Social events include the Woodchopper's Ball — a costume party given by pledges, and the Columbine Ball — the annual spring formal.

Sigma Nu, USL's newest fraternity, sponsors the annual song festival during Greek Week.

In the spring, the White Rose Formal climaxes the social calendar for the chapter. It is at this function that the fraternity sweetheart is presented.

At USL, Sigma Nu's have been prominent in the student government, religious, military, and other campus organizations.

**1917-1963**

**“Ask Not What Your Country Can  
Do For You — Ask What You Can  
Do For Your Country”**

Our primary objective in the 1964 L'Acadien is for each of us to be able to say "this is that which I am a part." In a university of this size one may feel engulfed—a nonentity. With this yearbook we can identify ourselves in every facet of University Life.

For the editor, this has been a learning experience, a job done in which she has discovered who we are and what we are like. She has tried to capture our lives during this transition period at Southwestern.

No editor could have asked for a more sincere group of workers in the staff that she has had. They have worked diligently (Saturdays and Sundays included) typing, drawing layouts, stamping pictures, searching for lost items, and giving suggestions. Thank you, Staff.

This year we have a new advisor—Miss Marie Mamalakis. She has been a wonderful and patient guide and a "regular staff worker." The editor would also like to recognize the encouragement given to us by Dean Agnes Roth; the assistance of Dean J. B. Guillory and his Circle K members; and the advice offered by Professor Tom Nevitt. Staff thanks go to Mr. John Stephan for his constant reply, "I'll have those pictures ready tomorrow." And surely enough, he had the outstanding pictures which really make a good yearbook. Mr. Fred Elsing, Sr. and Mr. Fred Elsing, Jr., our Taylor representatives, have been able to answer our questions and fulfill our wishes.

And, of course, appreciation goes to the many of the faculty and students who have inquired and offered their encouragement.
